February 12, 2020

Claudio Giovanni Demartini, Department Head  
Politecnico Di Torino, Mu Nu Chapter

Dear Claudio,

Congratulations! The IEEE-HKN Board of Governors has conferred upon the Mu Nu Chapter of Politecnico Di Torino the 2018-2019 IEEE-HKN Outstanding Chapter Award. This prestigious award is presented to IEEE-HKN chapters in recognition of excellence in their chapter administration and programs.

Chapters are selected based on their activities, community service and outreach, and the impact they have had on the Department, the University and the community. Annual chapter reports not only showcase the Chapter's activities in an individualized manner, they provided multiple views and instances of their work, which really bring the Chapters' activities to life. Of critical concern to the Outstanding Chapter Awards evaluation committee are activities to: improve professional development; raise instructional and institutional standards; encourage scholarship and creativity; provide a public service, and generally further the established goals of IEEE-HKN.

Your Chapter is one of 26 chapters selected for outstanding performance and the value it brings to its members, peers and university.

Please convey my appreciation to the IEEE-HKN student members and leaders of the Mu Nu Chapter and its Faculty Advisor, Paolo Montuschi, for demonstrating exceptional accomplishments.

You are cordially invited to accept this award on behalf of Mu Nu on 21 March 2020 at the Electrical and Computer Engineering Department Heads Association (ECEDHA) Annual Conference at a special reception hosted by IEEE-HKN. The reception will be held at 6:00 p.m. Local Time at the Renaissance SeaWorld Hotel, Orlando, FL, USA.

I hope you are able to attend so that you may receive this prestigious award in person. Kindly RSVP to me, Nancy Ostin at [n.ostin@ieee.org](mailto:n.ostin@ieee.org). If you are not able to attend, we will make alternative arrangements.

I look forward to meeting you at the award reception, or at some future IEEE or IEEE-HKN event.

Sincerely,
